

Rim of the World Unified School District

Financial Snapshot - Second Interim

The District was established in 1954 and is located in the San Bernardino Mountains, in San Bernardino County California. It covers an area of 110 square miles and serves 11 communities. The elevation between the boundaries ranges from 4,700 to 7,200 feet. The community is largely a resort and vacation destination with the majority of homes being second homes. Some difficulties faced by the school district and community are declining enrollment, lack of full time employment, low paying jobs within a commuting distance, and high operating costs due to the rural climate.
