

**PLEASE Post on School Website:**

Please support the Rim of the World Educational Foundation. Here's why ...

In the past, because of generous donations from community members, District employees and grants written by the Foundation, Rim of the World Educational Foundation has been able to support high quality educational programs and instructional materials for all students in the Rim of the World Unified School District schools.

Since 1983, the Foundation's contributions have provided our students with college and career preparation programs, new computers and technology support, science (STEM) equipment, recreational & playground materials, band instruments, sound systems, character education programs, and instructional supplies.

The Foundation needs your support to continue providing necessary supplies and programs to benefit the students in our Rim of the World Unified School District.

***Please donate! Go to: [rimedfoundation.org](http://rimedfoundation.org) to donate and learn more about the work the Foundation does.***

***Your students and the Rim of the World Educational Foundation Board Thank You!***
