

New Public Works Contractor Registration Law (SB 854)
(Signed into law June 20, 2014, became effective immediately)

It established a new public works registration program which will collect fees to fund compliance monitoring and enforcement, determine prevailing wage and public works coverage, and hear enforcement appeals.

All contractors and subcontractors intending to bid or perform work on public works projects will be required to register, and annually renew, online for the program. The cost to register for the program is currently \$300.00 and is non-refundable. This is a DIR fee paid to the state. The District will not register a contractor, nor collect funds for registration.

Contractors and subcontractors submitting bids must be registered by March 1, 2015. The requirement to use only registered contractors and subcontractors on public works projects, greater than \$1,000, applies to all projects awarded on or after April 1, 2015. No bid can be accepted nor any contract or subcontract entered into nor purchase order issued without proof that the contractor or subcontractor is registered.

If you intend to bid or provide services on District projects in the future, please ensure you are registered with the DIR prior to March 1, 2015. The District will be required to complete a form PWC-100 notifying the DIR of the services you are providing. See Attachment "A" for the information required on the PWC-100 form. This information must be included in all future quotes and/or bids, and must also be included for any subcontractor you use (they must also be registered with DIR). The District will not issue a Purchase Order without the PWC-100 form completed and submitted to DIR.
