Principal's Message

Welcome to Charles Hoffman Elementary!

The 2017-2018 school year was a great year for Charles Hoffman Elementary! Three of the accomplishments we are most proud are: Top attendance for the district, Silver recognition by the state for PBIS implementation, and significantly improved CASSPP test scores.

The district set a goal of 95% attendance for the year. The state of California believes that at least 95% attendance is optimal for student learning. At 90% or lower, students are classified as truants, for they are missing at least 10% of the school instruction. If someone were to ask for 10% of your salary, you would feel quite an impact. This is the same for our children when they miss 10% or more. They lose out on important concepts that they must struggle to learn as well as not feeling as connected to their teacher, classmates, and school. Those relationships are important as students practice the character essential to learn and to get along with others. CHE had the highest attendance rate of 94.8%, which was so close! Our goal is to reach 95% this year.

PBIS, Positive Behavior and Intervention Supports, is an initiative across the country to create an atmosphere in school where students are happy to come, feel loved and are nurtured toward success. Schoolwide behavior expectations are explicitly taught- Be Safe, Be Respectful, and Be Responsible, and rewards for maintaining that behavior are applicable to all. Those students who need more support to make correct choices are given opportunities to learn and practice in small groups or individually. California has a recognition system for implementation. In 2015-2016, CHE certified at the silver level. We recertified at silver for 2017-2018. Our goal is to certify at GOLD this year.

Our state mandated CAASPP test scores showed significant growth schoolwide (third -fifth grade). You can find those scores inside. We are proud of our students and staff for this tremendous academic accomplishment. The test is challenging and all on the computer. Students must know how to navigate the technology component as well as demonstrate knowledge and mastery of subject matter.

As a staff we work to create a positive, caring atmosphere for students individually, as well as parents and community, and ourselves. We recognize that when a staff respects each other and works together the climate of the school is one where we all want to be. We recognize our partnership with parents and community is crucial and we work to build those relationships. The school is here to support the family!

We teach the California State Standards. Last year we implemented a new math textbook series, Go Math, and this year are implementing a new English Language Arts textbook series, Journeys. This will notably increase the rigor in our math, reading, and writing lessons. We look for students being more confident in their abilities.

At CHE we believe:
All parents want the best for their children.
All families have something great to offer.
We strive to work together with parents to ensure each student's success.
We want all to feel comfortable here.

School Vision

The CHE school community strives to help each student become a lifelong learner and an adaptive, productive citizen with the ability to reach his or her highest potential, both academically and socially, in our dynamic, ever changing society.

School Description

Charles Hoffman Elementary School is located at the 6,000 foot elevation in the San Bernardino mountains and serves students in grades transitional kindergarten through five following a traditional calendar. At the beginning of the 2017-18 school year, 328 students were enrolled, including 7.9% in special education, 6.7% qualifying for English Language Learner support, and 55.2% qualifying for free or reduced price lunch.

Student Achievement

Physical Fitness

In the spring of each year, Charles Hoffman Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2017-18			
Grade Level Tested	Percentage of Students Meeting Standards		
	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards
Fifth	21.7%	21.7%	33.3%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3 – Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016-17 and 2017-18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered optionally during the 2018-19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016-17 and 2017-18) and the CAA for Science will be field-tested in 2018-19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Assignment, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in Dropouts, including the Dropout chart; and Graduation Requirements, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed regarding school activities through flyers, the district/school website, the principal's monthly newsletter, emails, texts, the principal's telephone message system, and social media. Contact the school office at (909) 939-0006 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Charles Hoffman Elementary School's original facilities were built in 1952; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Repairs to the drainage system on the asphalt playground
- Beautification projects to the front of campus and the garden patio
- Addition of six benches and three raised garden boxes

2018-19 Campus Improvements in Progress:

- Installation of turf

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one part-time evening custodian are assigned to Charles Hoffman Elementary School. The day custodian is responsible for:

- Groundskeeping
- Lunch area setup/cleanup
- Office area cleaning
- Restroom cleaning
- Snow removal
- Trash removal

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Hallway cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Charles Hoffman Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Charles Hoffman Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Friday, November 02, 2018. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2018-19, all restrooms were fully functional and available for student use at the time of the inspection.

Rating Description

Good: The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or result from minor wear and tear, and/or are in the process of being mitigated.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, students are welcomed individually by several staff members to start the day in a positive way. Teachers are strategically assigned to designated entrance areas, the breakfast area, and the playground. During recess, noon duty supervisors monitor playground activity. Noon duty supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, teachers monitor student behavior to ensure a safe and orderly departure.

Charles Hoffman Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office with a valid state issued identification to be scanned through the Raptor security system and wear identification stickers while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Charles Hoffman Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in March 2018.

Classroom Environment

Discipline & Climate for Learning

Charles Hoffman Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Charles Hoffman Elementary School revolve around the California State Content Standards and Frameworks. During the 2017-18 school year, Charles Hoffman Elementary School held staff development training devoted to:

- Professional Learning Communities (PLC's)
- Positive Behavior Interventions and Supports (PBIS)
- Response to Intervention (RtI)
- California State Standards
- Week Long STEAM Initiative

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Charles Hoffman Elementary School supports ongoing professional growth throughout the year on modified days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2016-17, 2017-18 and 2018-19 school years, Charles Hoffman Elementary School's teachers had the opportunity to attend the following events:

2016-17 Training:

- Educator's Assessment Data Management System (EADMS) - Assessment Building
- English Language Development (ELD) Articulation

2017-18 Training:

- Aeries Spring Conference
- IO Expo West
- Picture Perfect Stemosiums
- PBIS Learning Labs
- PBIS Learning Labs - Leveraging Academic & Behavior Support
- ELPAC Academy: Focusing on ELs

2018-19 Training:

- ELA/ELD Curriculum & Checkpoint Standards
- Foundations of Numeracy
- Building Strong Number Sense with Place Value
- CAASPP Institute
- Building Educator Assessment Literacy of Performance Tasks for Mathematics Leaders

Charles Hoffman Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Charles Hoffman Elementary School are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district is currently in the process of the review, selection, and purchase of new materials.

On Thursday, September 20, 2018, the Rim of the World Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 18/19-02 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2018-19 school year, Rim of the World Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Professional Staff

Counseling & Support Staff

Charles Hoffman Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Charles Hoffman Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Academic Counselors & Other Support Staff (Nonteaching Professional Staff) 2017-18

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Assignment

During the 2017-18 school year, Charles Hoffman Elementary School had 14 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2016-17 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2016-17 school year, Rim of the World Unified School District spent an average of \$11,232 of total general funds to educate each student (based on 2016-17 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Rim of the World Unified School District receives state and federal categorical funding for special programs. For the 2016-17 school year, the district received categorical, special education, and support programs funds for:

- College Readiness Block Grant
- Education Protection Account
- Lottery: Instructional Materials
- Medi-Cal Billing Option
- Other Local: Locally defined
- Special Education
- State Lottery
- STRS On-Behalf Pension Contributions
- Title I
- Title II
- Title III
- Vocational Programs

Note: The California Department of Education issued guidance to LEAs on August 1, 2018 regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.
