About Our School

Valley of Enchantment Elementary (VOE) is a public school located in the mountain community of Crestline, CA. Valley of Enchantment Elementary serves students in grades Transitional Kindergarten – 5th grade with an enrollment of approximately 570 students.

The VOE staff collaborates as a strong, professional learning community. Students benefit from the regular collaboration of teachers, as they develop rigorous learning experiences that are standards aligned and rooted in the 21st century learning skills of critical thinking, collaboration, communication, and creativity.

VALLEY OF ENCHANTMENT ELEMENTARY

“Be Safe... Be Responsible... Be Respectful”

Hawk Pride... Own It!

Our School Garden

School Mission & Vision

Our goal is to empower our students through effective, meaningful, standards-based instruction, and we are devoted to ensuring that every child demonstrates measurable academic and personal growth.

We focus on a student-centered approach, where the student's individual needs and talents are supported and developed. We maintain a safe, and orderly environment and challenge each child with high expectations of academic success.

Student-Centered Focus

Valley of Enchantment Elementary is dedicated to the academic and personal growth of our students. Our programs include:

- Standards-based Curriculum
- Project Based Learning
- 21st Century Skills: Critical Thinking, Communication, Collaboration & Creativity
- eSTEM Program
- Arts: Strings and Band Grades 4-5 & Early Education Music Grades TK-3
- *Second Step* Social Emotional Learning Curriculum

PBIS

Positive Behavioral Interventions & Supports (PBIS) is a support system developed to provide a structure for the social, emotional and behavioral growth of students. At VOE a multi-tiered approach is used to provide a framework for teaching behavior expectations and supporting the social and emotional development of all students, including students with disabilities and those from underrepresented groups.

“Be Safe... Be Responsible... Be Respectful”

eSTEM Program

As part of the implementation of the Next Generation Science Standards, VOE is an eSTEM school (Environmental Science, Technology, Engineering & Mathematics).

- School Gardens & Aquaponic Greenhouse
- Chicken Coop, Tortoise Enclosure & Trout Farm
- Friendly Orchard
- Hikes in local trails
- Trimester Project Based Learning Activities
- Robotics
- Creek Water Study
- 5th Grade Bottle Boat Regatta
- Butterfly Release & Chick Incubation

Valley of Enchantment is pleased to be an official cooperative weather observer with the National Weather Service, NOAA and CORAHS. Our students observe the local weather, including the collection and measurement of precipitation in the forms of rain and snow, and then report this information to these agencies.
