EXAMPLES OF DUTIES

By District direction and as needed, holders of the School Nurse Services Credential shall be authorized to perform the following services as defined by the Commission on Teacher Credentialing:

- Conduct immunization programs pursuant to California Education Code, Section 49403, of the California Code of Regulations;
- Assess and evaluate the health and developmental status of pupils;
- Interpret the health and developmental assessment to parents, teachers, administrators, and other professionals directly concerned with the pupil;
- Design and implement individual student health maintenance plans, incorporating plans directed by a physician;
- Refer the pupil and parent or guardian to appropriate community resources for necessary services;
- Maintain communication with parents and all involved community practitioners and agencies to promote needed treatment and secure reports of findings pertinent to educational planning;

- Interpret medical and nursing findings appropriate to the student's individualized education program and make recommendations to professional personnel directly involved;
- Consult with, conduct in-service training for, and serve as a resource person to teachers and administrators;
- Develop and implement the health education curriculum;
- Act as a participant in implementing a comprehensive health instruction curriculum for students;
- Counsel and assist pupils and parents in health-related and school adjustment services; and,
- Teach health-related subjects under the supervision of a classroom teacher.
